Artist Profile: Ray Simon

Masterfully using his artistic gift and deep love and reverence for American culture, Ray Simon creates original pieces of art that tell a heartfelt story while paying tribute to the meaningful contributions of a loved one. For each piece, Ray painstakingly selects an emotionally stirring quote that, when blended with stunning imagery, captures dazzling displays of triumph and tragedy, joy and pain in his innovative and stunning tribute paintings.

With a passion for the history and culture behind his art, Ray's command of this unique craft sets him apart from others as he creates works that will stand the test of time. These unique memorials will allow future generations to peek through a portal of time and look on for years to come... to respect and admire not only the artwork, but the loved one who is integrated into these inspirational memorials.
